

Notice of Electronic Medical Record System Update

To enhance our medical services and ensure a safer healthcare environment, we will be updating to a new system starting **Saturday, June 1, 2024**. We apologize for any inconvenience or disruptions this may cause to our patients and appreciate your understanding and cooperation.

The following issues may arise immediately after the update:

- **Increased wait times** at reception, during consultations, and at checkout.
- Potential delays in processing payments, requiring some patients to **pay at a later date**.
- If operational or system issues occur, our **system personnel may need to enter the consultation rooms**.
